

HEATING KNEE BANDAGE

Heating textiles with depth effect for pleasant warmth and to relieve acute and chronic pain. Heated up within 30 seconds, the 3 heat settings offer comfortable heat from 35 °C to 60 °C. Extra-light, flexible, breathable and resistant. The fine heating wire with the latest technology is inserted in high-quality nonwoven fabric and offers comfortable wearing. A Powerbank is included and allows independent use without electrical connection.
